The events you can enter will not change. (i.e. Unequipped Powerlifting, Push/Pull. Power Sports etc..)

There are no changes to the weight classes!

Now that it is time to enter a meet this is how you will enter. Lifter X is in high school, is competing in the 220 lbs weight class and they want to compete in the **high school** class. They will enter Category 1 **HS** Class. Lifter X also wants to compete in the **Open** Class so they will also Enter Category 3. This is two entries. The Lifters name will be listed on the score sheet twice. Once under Division 1 and once under division 3.

Does that make sense? If not ask questions before continuing on!

Record setting: Rules for setting records have not changed. They still must be announced before the attempt and all National Record attempts must be approved by the National judges that witnessed the lift on the platform and the Official Jury if one is assigned if the lift is appealed.

Records will still be set as normal under the class definitions. (See above for the break down). We will continue with our Lifter X scenario from above. Lifter X is competing in the 220-weight class as a **high school** lifter. Lifter X also has done his/her homework and sees that they can set records in the **teenage** class as well as the **High School** class. Since both of those classes are in Category 1, they will only get the records for the **High School** Class since that is the Division, they entered in Division 1. Lifter X will be allowed to submit a record request to the records chairman for the **Teenage** Division for a fee of \$25.00.

This is a non-refundable fee and must be paid up front as This will allow him/her to claim records in both **Divisions of Category 1**. However, Lifter X will not be able to set records for the **Junior** class because Lifter X did not enter **Category 2** for the competition.

Scoring and Placing:

Each Event will have its own score sheet. Unequipped Power Lifting, Equipped power lifting, power Sports etc.. The score sheet will have Category 1-6 listed and all the names and lifters.

in addition to the above, say Lifter X also wants to also enter the full Powersports event in both the Teen and High School Divisions. **Since Powersports is a separate event from Retro Powerlifting, Lifter X will pay \$40 (the cost of a 2nd Category)** for the 1st division of Category 1 of full Power Sports (e.g. High School), and then \$25 for the Teenage Division in Powersports. So Lifter X now pays an additional \$65, for a total of \$140 amongst all events, categories, and divisions. Under the previous entry format, Lifter X would've paid \$50 for their 1st entry, and \$40 for each subsequent entry, for a total cost of \$170. **Under this new format, Lifter X saves \$ and provides actual competition, but only receives 2 awards: one for how they place in Retro Powerlifting, and one for how they place in Powersports**
